GLASS DOORS

Windows & Handles

The modern full glass door with vertical handle is the latest addition to our door group.

The elongated upright handle is a gander of the door's physique.

Not only that, it has an outstanding handle size for better grip. This prime design jives with the contemporary building interiors and outdoors. The door wood materials are available in Cedar, Aspen or Pine.

VERTICAL HANDLES

The new glass door has three different choices of handles namely Metal Accent, Straight Full Wood and Arc Full Wood. Available in Cedar, Aspen & Pine.

BELOW ARE SOME OF OUR DOOR COLLECTIONS.

They can be tempered full glass, full wood or a combination of both.

These doors are compatible with magnetic or roller locks.

BENCHES

The prefab benches are available in 3, 2.1 and 1.6 meters long. Selections of bench designs are available.

Make your sauna room look fluid, a slack place to unwind by using the WAVE Bench. The curves of the WAVE bench provides wider space to lay and its angled edges make your legs comfortably stretch into the lower stair.

PIANO Benches are designed to look spacious with its narrow-sliced timbers. The bench design allows a dramatic play of light and shade inside your sauna room.
