

# K R I O S

## Heating In Style

This beautiful wall-mounted heater has stainless steel casing with signature SAWO-pattern. Inspired by Aries and Cubos models, this heater is something you have never seen before.

With more stones, Krios gives more steam. Perfect especially for small and medium sized saunas to bring smooth and humid heat.

- Power rating from 4.5kW to 9kW.
- Available with Ni2, NS and NB controlling

# KRIOS Ni2

## Easy Installation

Add only Saunova 2.0 control and Krios Ni2 is heating up in no time. The power controller is built-in to heater, no need for additional connections.

## Heating Up Smartly

Saunova 2.0 has smart controlling feature, which will save energy and increase heating elements life span. Control can also be connected to household automation systems.

## Flexible Placing

Saunova 2.0 can be installed either inside or outside sauna, however you like it. Especially convenient for glass-front and outdoor saunas.
