

HIMALAYAN SALT WALL

A SOOTHING WELLNESS GLOW
MADE FOR PREMIUM SAUNAS

Why Himalayan Salt?

When heated, the Himalayan salt bricks gently release microscopic minerals into the air, cleansing respiratory systems, supporting skin health, and enhancing deeper relaxation.

Combined with the warmth of the sauna, it creates a calming and detoxifying environment that reduces stress and leaves you feeling refreshed.

SAWO Himalayan products are equipped with LEDs behind each panel to create a soothing glow. Its required care is minimal- a simple wipe with distilled water is suggested.

Product variations

**Himalayan Salt Wall
Vertical Tiles**
675mm x 275mm
code: HIM-SWL-275-1-V |

The Luxury Upgrade Made Simple

SAWO's features of Ease:

- ✓ Flexible Installation
- ✓ LED Lights Included
- ✓ Fully Customizable
- ✓ Simple Setup
- ✓ Easy Care

Its comfortable features provide seamless use, from installation to maintenance. Set-up is simple, with wiring that can be connected directly to a SAWO control panel for power. Placement is flexible, with easy reconfiguration allowing effortless adaptation to any space.

The upgraded features of ease make SAWO's Himalayan salt lights the easy choice.

A Glow that Heals

Experience unmatched therapeutic benefits with the Himalayan salt lights. From mental relaxation to immunity and lung health, it's various benefits attract users.

Our authentic Himalayan salt actively purifies the air with the release of negative ions. This reduces airborne toxins, calming the skin and unclogging pores. Simultaneously it increases oxygen supply, reducing tension and improving mental clarity.

Enhance your sauna with the luxury glow of Himalayan salt walls, seamlessly adding ambiance with holistic wellness benefits.
